INFORMATION FOR NEW STUDENTS

Students are required to bring and have on hand upon arrival three sheets, two pillow cases and four towels. The same linen, if marked, will be returned to the student upon his departure. The Linen Fee (see Fees) takes care of the laundering of these items and provides the student with two double blankets.

Each student shares a bedroom with at least one other student in the lodges which serve as dormitories. Beds and bureaus are provided by the College; curtains, bedspreads or rugs are to be supplied by the student. Students are responsible for the care of their own rooms.

Each student has his own study in the Studies Building, which is equipped with shelves, a writing surface and a light. Any other decorative or functional units he must supply himself. Most students bring along additional furniture, curtains, rugs, lamps and the like, or buy them in Asheville.

Most students take advantage of the automatic washing machine, which is available for a slight charge, and do their own laundry. For others, there is a good commercial laundry and cleaner in Black Mountain.

The College Store stocks many items, selling only enough above cost to take care of running expenses and maintenance.

Clothing appropriate for walking in the mountains and for working outdoors should be provided. Blue jeans and work clothes are usually worn during the day; however, it is customary to change for the evening meal.

No pets may be brought.

Students may keep automobiles but there are no garage facilities.

Firearms, if brought, must be kept in the office.
